

## Press Release

Fürstenfeldbruck, August 2019

### **Güntner: New Business Development Manager Europe**

Alessandro Moneta, graduate in managerial engineering and with a strong background in the heat exchangers business, as of May complements the Güntner HVAC team as new Business Development Manager Europe.

#### **Specialist in refrigeration and HVAC applications**

Mr Moneta has more than a decade experience in the heat exchanger business, having served in various sales-related positions. With his extensive know-how in the areas of air conditioning and refrigeration, he will support our customers with intensive consulting, especially regarding the steadily increasing requirements on energy efficiency and operational reliability when planning customized solutions.

#### **About Güntner**

Based in Fürstenfeldbruck near Munich, Germany, Güntner GmbH & Co. KG is a world leader in the manufacture of refrigeration and air conditioning equipment components. With approx. 3,600 employees worldwide and production sites in Germany, Hungary, Romania, Indonesia, Mexico, Brazil and Russia, the company shows a strong presence for their partners in all markets. Decades of experience in the industry and the consistent integration of the latest technologies and research findings ensure the high-quality standard of Güntner solutions. The international areas of application comprise energy & process cooling projects, industrial and commercial applications in the field of food production and storage as well as HVAC applications for buildings and specific applications such as server room cooling.
